Dedication

Because you are fair and just —

Because you think of us as your own —

Because you want us to be the best —

Because you live and work for others, rather than self —

Because you stand up and fight for your beliefs —

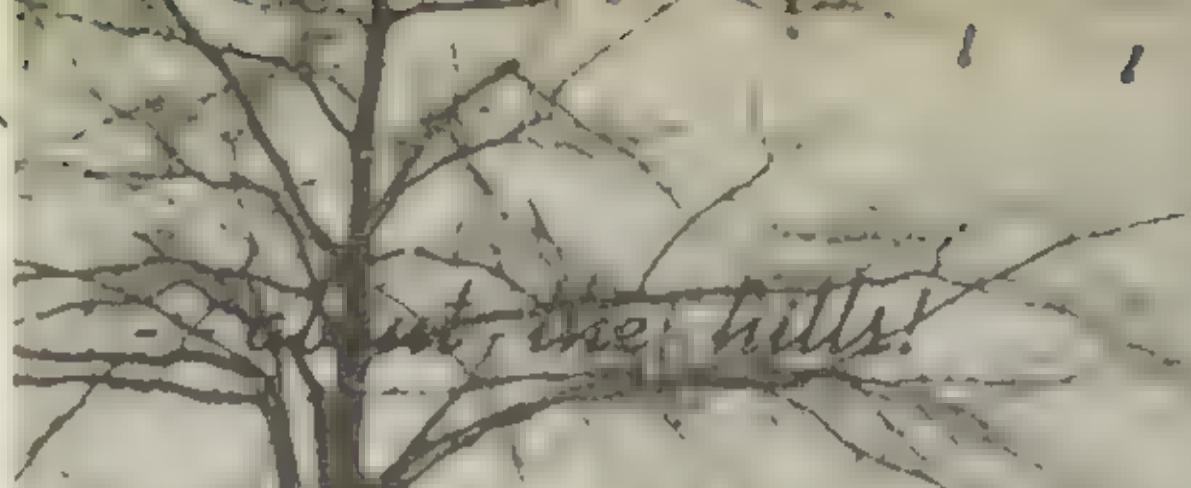

Because of your position as an educator, a citizen, and
the head of a Christian home —

Because of all these things we dedicate this the

1953 Thomisana to you, Mr. N. O. Smyth.

COMFORTABLE

~~The Seniors~~

In September of 1942 we, the Seniors, had our first look at this hill called education. It was on this date we planted one foot firmly upon the first of a series of twelve steps up this hill that seemed so strange. As we have slowly ascended this hill by climbing one step each year we have lost many who began the climb with us. Now, there are only 18 of us who stand on the top and gaze down the hill.

We can recall many wonderful experiences as—graduation from grammar school, our Junior and Senior Play and all the parties we have had. But no—the climb was not always easy. Many times we slipped and fell or should we say failed. We have had to study to keep up the pace but we are proud of the scholastic average of our class. We are proud of the fine athletes we have produced up this climb.

What do we expect to bring the "Intrest" to this hill or what much more?—how we have used the time. Formerly the "Way" is not yet clear. A very poor percentage of us, and to a majority of higher education other than the "...other work" like those students for most of us we will leave the world here. A warning that few come we are back unto the hills from whence cometh my help."

The Junior class of '53 is the largest of the upper three grades. The majority of the class has been together from the first, now we are nearing the end of our high school days together. We look back and remember the past few years together as happy years, and we hope that the remainder of this year, and next years will be as happy as the ones we have enjoyed previously.

The Juniors displayed their spirit of cooperation, thriftiness and industry when we put on, with great success, a spaghetti supper to raise funds for the election of the Halloween King and Queen. We also have big plans for the Junior-Senior Banquet. Next year we will be the Senior Class and I think we are well prepared for the burden that is bestowed upon us as such.

Yearbook Staff

Although it required hard work, headaches, and a few frantic nights before the "deadline," it was not in vain. The product is a book of pleasant memories, a lasting reminder of the wonderful times shared with good friends at "dear old T H S."

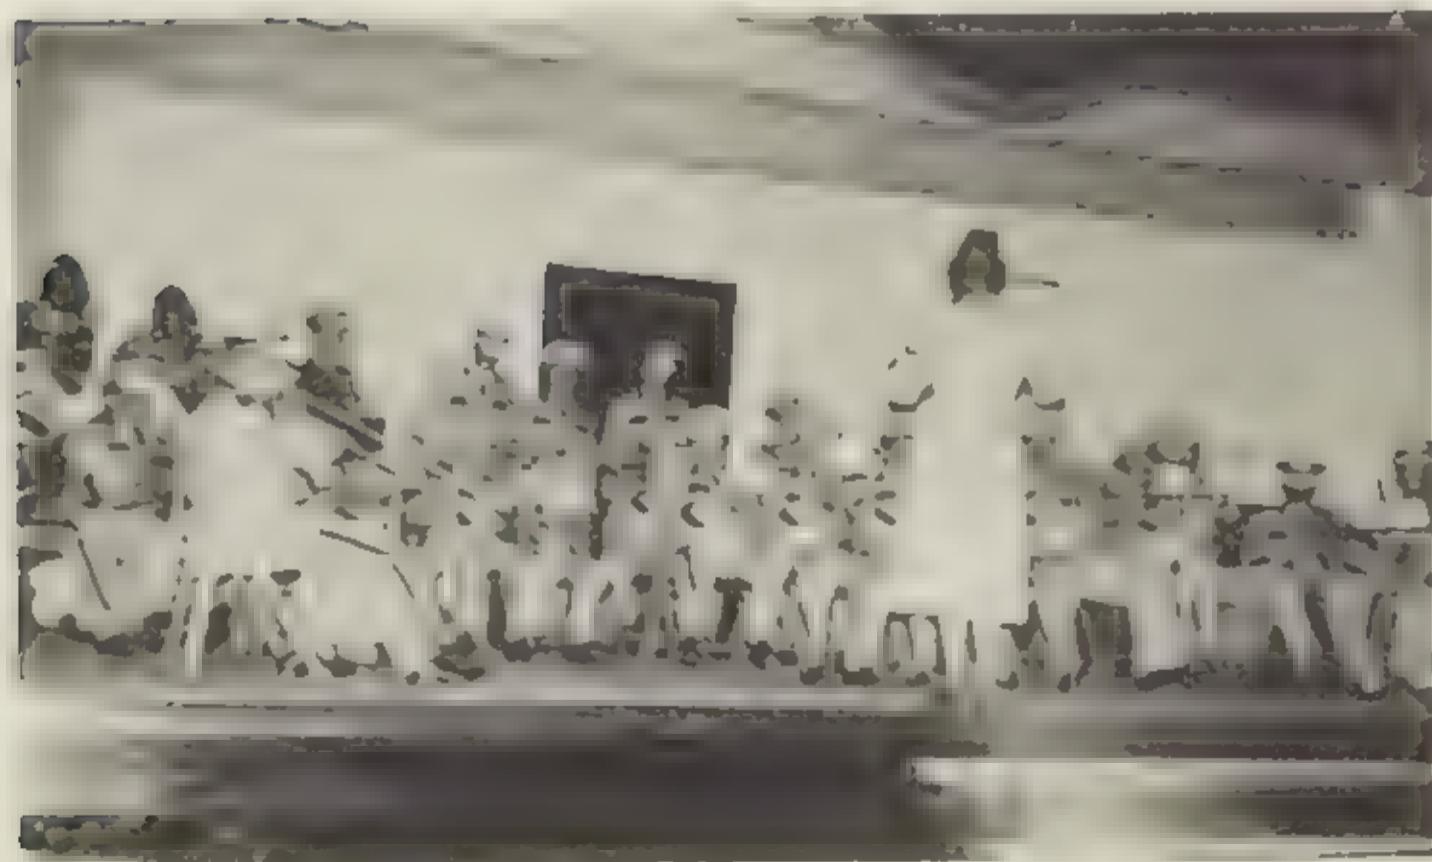

We feel that the entire annual staff has contributed to the success of the "Thomisana." Our sponsors, Miss Helen Morgan, Mrs. Charlotte Lowery, have excluded many of their regular activities for work on our yearbook. Many of us have spent sleepless nights outlining the work ahead of us but we all feel that we have gained unlimited information from our work on the Annual.

In working on this edition of the "Thomisana" we have endeavored to create a yearbook that will serve two purposes—to entertain you now and to serve through the years as a record of your school life here at Thomasville High. We hope that we have succeeded in our task and we hope that you will enjoy this volume of the "Thomisana" as much as we have enjoyed producing it.

ON YOUR GRADUATION

Today we are printers of the yearbook of your school.

Tomorrow as you seek your future in the professions, industry and commerce

we at Paragon hope to serve you with the essential Printing and Lithography you will need in the pursuit of your career.

Many of our best customers came to us through friendships formed around the annual planning table or from former grads like yourself who first saw our work in their annual.

With Best Wishes
